Annoncer

Introducing Prestige II.

The Annoncer KDS solution is the absolute market leader in gastronomic kitchens around the globe. These environments however, also require robust hardware solutions to ensure this business critical solution can remain up and running through the most challenging times.

This is why we developed the Prestige hardware series. Upholding the same standards we use to develop the Annoncer software, the Prestige hardware solution is designed to not only withstand these harsh environments but also offer a great experience to the users.

Industrial quality hardware is not the only thing we offer our clients however. Aesthetics and practicality are also extremely important. That is why, besides our Prestige all-in-one solutions, we not only offer a controller for custom installs but also have an extremely wide array of mounting solutions available.

Combined with the Annoncer KDS Software solution we are proud to present and offer you a complete KDS solution unmatched by any other system.

Sincerely,

Robert & Arthur

Prestige II All-In-One.

The Prestige II All-In-One series is an amazing demonstration of high-tech engineering. We reduced the bezel significantly and made the screens 25% thinner. This allows you to install more screen in less space! But that is not nearly all:

- Prestige II is fully IP66 rated; making it dust and water proof.
- Fanless design to significantly improve its life span in kitchens.
- Hygienical, easy-to-clean nano-coating surface.
- Stunning Full HD LCD screen with a 178 degrees viewing angle from all sides.
- Easy to swap and lightning fast M.2 NVMe SSD.
- Easy access USB-maintenance port.
- VESA 100 compatible.
- Certified operating temperature of 40 degrees celsius.
- Lightning fast, efficient state-of-the-art Intel i3-N305 CPU.

Prestige II All-In-Ones are available in three sizes: 15,5", 18,5" and 24".

Prestige II Series | 15"

Article Number: 8115

Prestige II Series | Controller.

The Prestige II All-In-One series will most definitely be a great solution in most cases. However, what if you want a bigger or different screen? Or maybe you want a dedicated controller or Annoncer Server? Especially for all situations uncovered by our All-In-One's, we offer the Annoncer Prestige II Controller.

Prestige II Controller

This box PC is designed for industrial environments and that shows. It is not only fanless, but is certified for an operating temperature up to a whopping 50 degrees Celsius! It also boasts 16GB of DDR5 RAM which makes it perfect as a dedicated Annoncer Server for larger setups. It come standard with a wall mount kit, but can be ordered with a VESA adapter.

Prestige II Series | Controller

Article Number: 8200

CPU	Intel i3-N305 (6M Cache, up to 3.80 GHz)

Mounting Solutions.

Buying great hardware is only part of the puzzle. You need to be able to mount it as well. We all know kitchens are usually hectic and fully packed departments, so mounting several screens might be a challenge. Fortunately, we have partnered with a producer of industrial mounting solutions to be able to offer a wide range of mounts. Whether you want to simply mount your Prestige II flat on the wall, or you want to ceiling mount two screens with an extra printer shelf, we have you covered. From basic VESA Swing arms to complete custom wall- or ceiling solutions, the Prestige mounting options will satisfy your needs.

We offer:

- A wide variety of wall mounting solutions, from flat to full 360-degrees swingarms.
- Pole mounts for both ceiling as well as desk installations.
- Large screen mounts, including pop-out options or easy peripheral installation racks.
- Pillar and column mounts
- Custom solutions for ceiling or floor-to-ceiling installations.

Our mounting solutions portfolio is extremely extensive, so please contact us for detailed product information or advice.

Desktop Stand Standard

Article Number: 8205-2

A great looking desk stand designed for our Prestige II line. A sturdy and heavy base which is ideal if you do not want to fix your screen to a position and lay it almost completely flat.

Recommended screen size	Up to 32 inch (81 cm)
Maximum load	9 kg (20 lbs)
VESA® compatibility	100 x 100

Pole Mount Flat with Swivel

Article Number: 2085-39

Our basic bolt down desk stand.

Recommended screen size	Up to 32 inch (81 cm)
Maximum load	9 kg (20 lbs)
VESA® compatibility	75 x 75 100 x 100
Tilt	+65° / -90°

Pole Mount Swing Arm with Full Motion

Article Number: 2085-8

Our bolt down mount with extendable full motion arm.

Recommended screen size	Up to 32 inch (81 cm)
Maximum load	9 kg (20 lbs)
VESA® compatibility	75 x 75 100 x 100

Prestige II Mounting Solutions

Swing Arm Mount with Tilt & Swivel

Article Number: 2085-4

Our basic extendable arm wall mount.

Recommended screen size	Up to 28 inch (71 cm)
Maximum load	10 kg (22 lbs)
VESA® compatibility	up to 100 x 100
Tilt	+17° / -10°
Screen rotation	360°
Swivel at wall	180°
Distance from wall (from / up to)	95 mm (3.7 inch) 467 mm (18.3 inch)

Wall Mount Swing Arm with Full Motion

Article Number: 2085-63

A wall mount with a full motion arm for single screen configurations.

Recommended screen size	Up to 55 inch (139 cm)
Maximum load	2 - 20 kg (4 - 44 lbs)
VESA® compatibility	Up to 400 x 400
Tilt	+5° / -55°
Screen rotation	360°
Swivel	180°
Extension from wall	110 - 592 mm (4.4 - 23,3 inch)

Ceiling Mount Flat with Tilt and adjustable Drop

Article Number: 2085-40

A perfect solution for hanging screens from the ceiling.

Recommended screen size	Up to 47 inch (119 cm)
Maximum load	25 kg (55 lbs)
VESA® compatibility	up to 200 x 200
Tilt	+/- 40°
Ceiling drop	600 - 1000 mm (23.6 - 39.4 inch)

Flat wall mount with tilt and swivel

Article Number: 2085-3

A flat wall mount that allows you to tilt and swivel the screen.

Recommended screen size	Up to 28 inch (71 cm)
Maximum load	20 kg (44 lbs)
VESA® compatibility	75 x 75 100 x 100
Tilt	+17° / -10°
Extension	93 mm (3.6 inch)
Swivel	50° / 180°

(wall mount / pole mount)

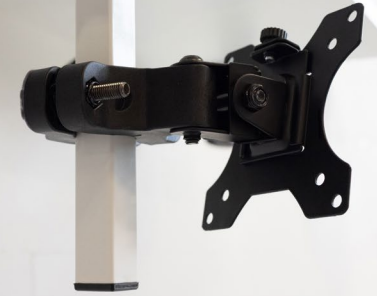

Clamp for pole

Article Number: 2080-14

A sturdy clamp to attach smaller screens to square and round poles.

Recommended screen size	Up to 32 inch (81 cm)
Maximum load	8 kg (17 lbs)
VESA® compatibility	75 x 75 100 x 100
Tilt	+30° / -30°
Distance from wall	110 mm (4.3 inch)
Swivel / rotate	180° / 360°

Flat wall mount with tilt

Article Number: 2085-2

A flat wall mount that allows you to tilt the screen.

Recommended screen size	Up to 28 inch (71 cm)
Maximum load	20 kg (44 lbs)
VESA® compatibility	up to 100 x 100
Tilt	+17° / -10°
Distance from wall	55 mm (2.16 inch)

Flat wall mount

Article Number: 2085-1

Mount your screen extremely flat to the wall.

Recommended screen size	Up to 28 inch (71 cm)
Maximum load	20 kg (44 lbs)
VESA® compatibility	Up to 100 x 100
Distance from wall	15 mm (0.59 inch)

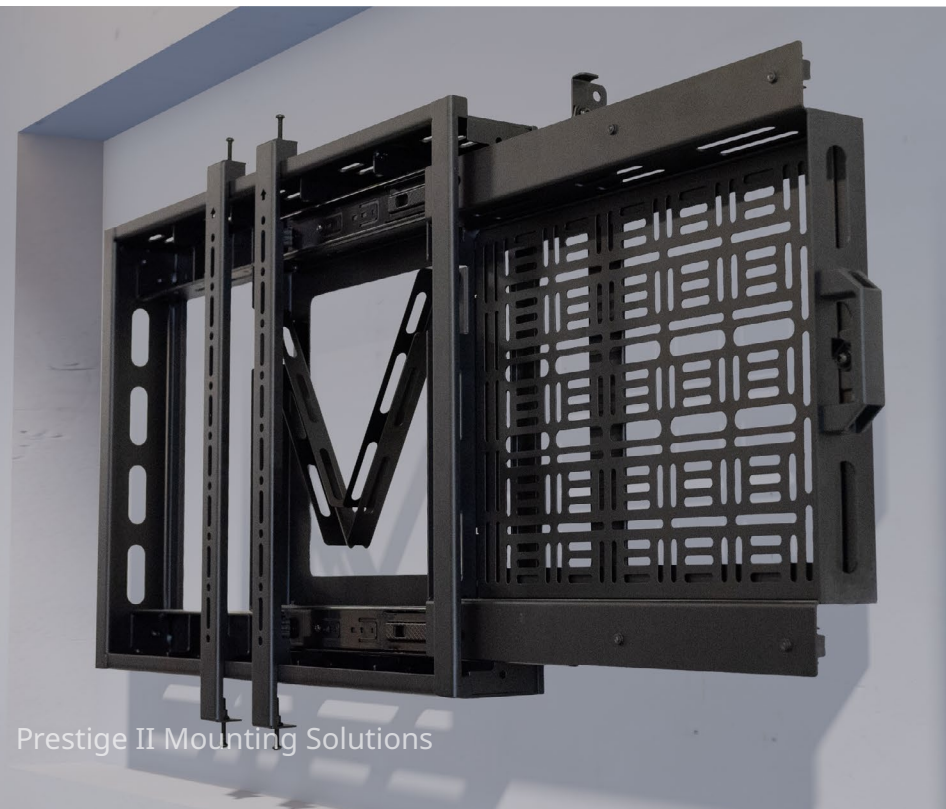

Wall Mount Pop-out

Article Number: 2085-36

A great solution for mounting screens in a recess. This mount allows for convenient maintenance access, without having to dismount the screen.

Recommended screen size	Up to 42 inch (106 cm)
Maximum load	25 kg (55 lbs)
VESA® compatibility	75 x 75 up to 200 x 200
Flat to wall depth	73 mm* (2.9 inch)
Popped out depth	191 mm* (7.5 inch)

* = +/- 6 mm (0.2 inch) micro-adjustments

Prestige II Mounting Solutions

Wall Mount Slide-out

Article Number: 2085-35

Intended for larger screens using a controller. Mount the controller out of view in the slide-out tray for easy access and maintenance.

Recommended screen size	42-75 inch (106-190 cm)
Maximum load	70 kg (154 lbs)
VESA® compatibility	200 x 200 up to 600 x 400
Depth from wall	100 mm (4 inch)
Maximum equipment dimensions	424 x 335 x 65 mm (16.7 x 13.2 x 2.5 inch)
Maximum tray extension	850 mm (33.4 inch)
